not...cease to be. So I think it's important for you to understand that it's important to me and the people who support improving Peru State College at its present location and doing the things that we should have been doing over the years to keep it a viable college and educational institution for the people in this...in this area, in fact, for the whole state and even from out state who come there. I want you to know that I would appreciate any support you can give in moving this bill forward, and when it comes to next time, if there are other questions, I'll be prepared to discuss those at that time. With that, I appreciate your support. Thank you.
